

## TUITION INFORMATION FALL 2016 - SPRING 2017

Mass Motion Dance programs are designed to accommodate dancers of all ages and abilities. You can begin to enjoy dance at any age! We ask that all students inquire with us before choosing a specific class and schedule. If you have danced before, it is important for us to see you in class in order for us to have an idea of your prior training and to properly place you in a class. We continue to watch and evaluate all students in each class. After the first few classes we may request that a student change to a different class level.

Missed classes can be made-up in another class of the same level, however it is not required. Students can make-up classes missed for vacations and for personal reasons. Tuition can be suspended for extended injury, illness or family emergency with advanced written notice. For proper dance training, it is very important that students have good attendance in their classes.
